Summary

I am a veteran of the Iraq war. I am disciplined, familiar with shift work, task oriented and am a achiever. I am loyal, honest, have integrity, character and follow through. I believe the fundamental basis for success is consistency. I am seeking a career with you, not just a job. My main goal is to become a Software Engineer and Interactive 3D Applications Specialist. I obtained my diploma of computer programming in 2004. Since then I have expanded in areas of computer hardware design, building, and diagnostics. I have developed skills in multiple programming languages such as Basic, C, C++, Java, Assembly, SQL, and HTML. My technology expertise extends to ASP, PHP, JavaEE, JavaFX, JavaSE, SQL Server, mySql, JSF, Maven, Spring, Wildfly, Android, Black Berry, OpenGL, DirectX, Unity, Unreal Engine, Linux, Ubuntu, and Microsoft Windows. My favored development platform is Ubuntu and my familiarity with application development IDE's extends to Microsoft Visual Studio, Jboss Development Studio, Eclipse, Netbeans, Android Studio, and Momentics.

Education

Diploma of Computer Programming 235 Marshall Avenue Saint Paul, Minnesota, 55102 Phone: 651-846-1600	Major: Basic	Completed: December, 2004
